April 16th, 1915.

San Diego Traveler's Aid Society, whose directorate you know and with whose work of moral protection and assistance of women and girls in the emergencies incident to travel you are familiar, will interest you.

Cases of runaway girls and boys, unscrupulous and dangerous friendships and acquaintances, hunger, bewilderment, employment, lodgings, lost friends, money, wrong addresses or none at all, desertion, illness -- these are typical of the 618 persons, assisted during March, the majority women and girls traveling alone. The need during April is even greater.

The Society through its trained women agents meeting all trains and boats, working on the Exposition, in social service investigation and housing, protects and assists all travelers in need, without regard to race, class, creed or sex and without fee or gratuity.

Endorsed by Catholic, Jewish, Protestant, and many organizations throughout the city, the work needs your support now, especially when so many thousands are coming to our city.

Practical and efficient protection and aid in the emergency, prevention of error and crime, relief of suffering, safeguarding the innocent, ignorant, inexperienced and helpless-- this is Travelers' Aid. It is your work--it urgently requires your interest and support. Will you help by sending a contribution?

Very sincerely yours,

Executive Secretary.

The Secretary conferred with leaders of Travelers' Aid Society in San Francisco regarding plans and methods of work. Steamship lines not regularly covered have been investigated with regard to need of regularly meeting them. Custom passes have been granted the workers. A financial letter has been sent out. San Diego is to be represented in the Travelers' Aid Society of America exhibit in the San Francisco Exposition. Rev. Father T. N. O'Toole has been elected a member of the Executive Committee. Four worker's conferences have been held. Dr. F. R. Burnham, Pres. of San Diego Travelers' Aid Society, has returned to the city.

A low per capita expense and high percentage of persons helped per worker is significant.

May 25th, 1915.

Your knowledge of social conditions will interest you in the protection the Travelers' Aid Society provides at the station and docks as described in the enclosed folder. The Society has trained workers on duty to give advice, guidance and protection, or other assistance to the inexperienced and bewildered, the stranger, and the foreigner who cannot speak our language.

Wrong addresses, insufficient funds, the failure of friends to meet them, and a multiplicity of emergencies are every day occurences that bring travelers under dangerous influences.

The San Diego Society through its wide co-operation with other Travelers' Aid Societies and its relationship with other organizations and individuals in cities and rural communities from coast to coast, is protecting hundreds of travelers from the conditions that would otherwise imperil them. This service is absolutely free. Gratuities are not accepted from those assisted.

The San Diego Society assisted 618 persons in March; 978 in April; and in the present month will assist approximately 1200 persons. These figures can not adequately convey any degree of the suffering avoided or relieved. Without the timely assistance of the Travelers' Aid Society many of this number would have lost everything that makes life worth while.

Because Travelers' Aid is giving protection and assistance to so many, it needs the aid and financial backing of many friends. The character of the service rendered to individuals and to society at large justifies our asking for your support. Will you not help by giving $1. - $10., by giving $10. - $25. for the prevention of wrong and the relief of suffering? Checks should be made payable to Mr. John W. Snyder, Treasurer, and will be appreciated and promptly acknowledged.

Very sincerely,

Horace R. Baker

2 Inquiries have been made – this includes hundreds of letters & personal calls. A meeting of the Special Committee of the ladies of the Board was held. The hotel problem during the earlier part of the month greatly annoyed the workers & hampered the work. Concerning this, the Secretary called upon Mr Hunt Santa Fe Station Agent, Mr Talcott Secy of the Merchants Association & Chief Wilson. The Secretary has been active in the present Campaign without publicity together with seven other organizations for the police enforcement of the "Abatement law". The final outcome of the United protests of social & civic organizations against the Mexican gambling, resulting in the trial of the Managers, is as yet undecided. A protest has been sent by the Society, in accord with other religious, social & civic bodies, to the State Department Washington, regarding Tia Juana Mexico Gambling Concessions. Formal application of the San Diego Merchants Association for endorsement has been made.

The Secretary calls attention to the courteous & friendly cooperation existing between Santa Fe Station Officials & the Society. The splendid work of T. A. agents is deserving of special remark. Travelers' Aid throughout America is concerned over the severe illness of the national leader Miss C Baker.

Owing in large measure to lack of a sufficient number of workers

3/ 2d in balance to inability of the Society to give any real moral protection on the Exposition Grounds owing to the luke-warm attitude of athorities on moral issues, the Exposition has not been covered during June.

It is significant that the Society has received during the month 514 lines on 13 occasions in the dailypress. The National Grange Monthly is devoting an article to Travelersaid Societies at the Exposition Cities.

The surrounding towns of Coronado, East San Diego, Chula Vista, La Jolla, Lemon Grove Ocean Beach & National City are now reached by the work as need arising.

The condensed report for June has been mailed to each of the Directors of the Society, to local cooperating organizations and to Travelers' Aid throughout the United States & Canada.

Five workers conferences have been held. The problems constantly arising in the work have been met successfully. New lines of cooperative work have steadily progressed. One worker was granted the regular vacation. Reports of Travelers' Aid work in many cities have been received. An educational campaign has been begun. Because the Society is giving protection and assistance to so many, it needs the aid and financial backing of many friends.

The Society acknowledges with apprecation the courteous and friendly cooperation of officials of the Santa Fe station.

Report of the Executive Secretary for July

Note
For statistical report see attached multigraphed copy.

July has been marked by heavy travel, especially apparent during the over crowding of the city July 3-5th inclusive.

The number of agents has been entirely inadequate to handle the situation, though each has worked indefatigably.

July marks the first half year of the work of the Executive Secretary.

During the good offices of Mr. Marston Esq Mr Ernest White, the Merchants Association formally endorsed the work, thereby

The total of 1986 assisted is evidence of the the work for August. Cases include unscrupulous and dangerous friendships and acquaintances, wrong addresses or none at all, disreputable addresses, lost tickets and passes, lost friends, desertion, friendship, advice, and guidance, inability to speak English, employment, destitution, money, illness, infirmity, timidity, bewilderment, not met as expected, error and wrong, etc. Those assisted represent all ages and classes.

During the month the Society confronted a financial crisis, and the Executive Committee voted to cut down the work one half, discharging two of the workers. As the work has no source of income, it is imperative that the directorate and friends assist in financing it.

Two new directors were elected:- Mrs. Charles E. Spaulding and Miss Alice Lee. Mr. Milton Epstein was elected Acting Treasurer in the absence of Mr. Snyder, treasurer.

The Secretary acknowledges the friendly spirit of cooperation existing between the Society and the social, humanitarian and charitable organizations of the city.

It ranks first in minimum per capita expense

It has assisted more persons per agent than any other society.

Report of the Exec. Secy 10/9/15

III. It ranks second in America for the high percentage of records filled for persons assisted.

IV. It ranks only below San Francisco, New York & Philadelphia in the number of persons it has assisted regardless of number of units budget &c.

The financial stringency continually confronting the Society has been ever & at all times seriously affected the work.

The statistical report of persons helped to date is 15,000 persons

---

It is important that certain amendments to the By Laws be adopted.

The financial statement of the Society is attached to date.

The budget of Exp for 1916 is attached.
